CORE COMPETENCIES

SchGo specializes in advanced manufacturing techniques such as cnc, water jet and laser cutting. These methods allow for precise and efficient cutting of a wide range of materials, making us a valuable partner for any project requiring high-quality, customized parts. Our core competencies include:

- Expertise in water jet and laser cutting technology, CNC, and 5 axis machines.
- Ability to handle a wide range of materials including stainless steel, titanium, inconel, aluminum, plastics, ceramics, composites, and more.
- Customization capabilities to meet specific project requirements.
- High-quality and reliability of our service with implementation of the AS9100 quality management system.
- Software: Solidworks, Camworks, Fusion 360, Metal Studio, Omax Layout, CMM Manager.
- Investment in the latest equipment and technology to ensure the highest level of precision and efficiency.

DIFFERENTIATORS

SchGo differentiates itself in the market by offering the following unique capabilities and services for CNC Machining, water jetting and laser cutting:

- Effective use of 5th axis machining, probing, and inhouse fixture design to minimize number of setups and increase part precision.
- High-pressure water jet and Fiber laser cutting for extreme precision and accuracy, even for the most complex geometries.
- Combination CNC machining, water jet and laser cutting for increased efficiency and cost-effectiveness.
- Quality assurance with advanced CMM, Comparators and assorted inspection tools.

PAST PERFORMANCE

- Fender Instruments
- Jet Propulsion Lab
- Boeing
- Tesla
- Disney
- American Drill Bushing
- Fleetwood windows and door

COMPANY DATA

22 Years in Business.

Completed over **500** orders in 2022.

List Specific Codes:

- UEI: **QMV3B2N91H47**
- CAGE Code: **9GCC2**
- NAICS Codes: 332710, 332999, 333517, 333515, 336413
- UNSPSC Codes: 73181016, 73181018, 73121601
- NIGP Codes: 40055, 40060
- Accepts Credit and Purchase Cards
- Small Business, WOSB in progress, SB, DBE in progress
